Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: V8
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Name: Body Shaping Slimming Machine
- Freezing Temperature: -15-5
- Temperature: -15~5
- Treatment Areas: Abdomen, Thighs, Arms, Love Handles, Back
- Lipolaser: Diodes Liposlim For Fat Removal
- Type: Slimming Machine
- Cavitation: 40K
- Service: OEM ODM
- Laser Wavelength: Laser Diode AlGaInp 635-650nm
- Technologies: 360° Cryo, Cavitation, RF, Lipolaser
- Highlight: Easy Use Body Shaping Slimming Machine, ODM Body Shaping Slimming Machine

Product Description

Professional Body Shaping Slimming Machine With Adjustable Vacuum Pressure

Product Description:

The Lipolaser feature of this slimming machine uses diodes to target and break down fat cells. This process, known as Liposlim, is a non-invasive way to remove stubborn fat deposits that are resistant to diet and exercise. The freezing temperature of -15-5 is the perfect range to freeze and destroy fat cells without harming the surrounding tissue.

The Cryolipolysis Slimming Machine is equipped with a 3.5inch handle screen that displays the temperature of the device. The temperature range of -15~5 is adjustable, allowing you to customize your treatment according to your needs. The device is easy to use and comes with a user manual that guides you through the process of using it.

Using the Cryolipolysis Slimming Machine is a safe and effective way to lose weight and achieve your desired body shape. The EMS Slimming Machine is designed with your safety in mind and is made from high-quality materials that ensure its durability and longevity. The device is also easy to clean and maintain, making it a convenient addition to your weight loss routine.

With its advanced technology and powerful features, the Cryolipolysis Slimming Machine is the perfect tool for anyone looking to lose weight and achieve their ideal body shape. Whether you are a fitness enthusiast or someone just starting on their weight loss journey, this device can help you reach your goals. So, invest in the Cryolipolysis Slimming Machine today and start your journey towards a healthier and happier you!

Features:

Product Name: Cryolipolysis Slimming Machine

Service: OEM ODM

Freezing Temperature: -15-5

Vacuum Pressure: 10-80KPa

Laser Wavelength: Laser Diode AlGaInp 635-650nm

Handle Screen: 3.5inch

This Cryolipolysis Slimming Machine, also known as a Fat Freezing Machine or 360 Cryolipolysis Machine, offers OEM and ODM services. It has a freezing temperature range of -15-5 and a vacuum pressure range of 10-80KPa. The machine uses a Laser Diode AlGaInp with a wavelength of 635-650nm and has a handle screen size of 3.5 inches.

Technical Parameters:

Type	Slimming Machine
Lipolaser	Diodes Liposlim For Fat Removal
Laser Wavelength	Laser Diode AlGaInp 635-650nm
Frozen Head Pressure	0-100kpa
Stationary	Yes
Work Model	Pulse
Certifications	CE
Treatment Areas	Abdomen, Thighs, Arms, Love Handles, Back
Freezing Temperature	-15-5
Service	OEM ODM

**Small Vacuum roller
(massage+infrared light)**

40k cavitation for body

**RF(infrared light)
for eye and face**

**Big Vacuum roller
(massage+infrared light)**

Applications:

The machine is designed to reach a temperature range of -15°C to -5°C , which is perfect for freezing fat cells and aiding in weight loss. The freezing temperature range of -15°C to -5°C is ideal for targeting areas such as the abdomen, thighs, arms, love handles, and back.

The Laser Freezing Weight Loss Machine is equipped with a 3.5 inch handle screen that displays real-time temperature information during treatment. This feature ensures that the temperature is adjusted to the appropriate level for the most effective treatment.

This body slimming machine is ideal for individuals who are looking for a non-invasive and painless way to achieve their body slimming goals. The machine can be used in various occasions and scenarios such as weight loss centers, beauty salons, spas, and even in the comfort of your own home.

Using this body slimming machine is easy and convenient. Simply apply the machine on the targeted areas and let it do its work. The machine will freeze the fat cells, which will eventually be eliminated naturally by the body. It is recommended to undergo multiple treatments to achieve the best results.

The Laser Freezing Weight Loss Machine is an effective and safe way to achieve your body slimming goals. It is a non-invasive, painless, and convenient way to get rid of unwanted body fat. Whether you are a weight loss center, a beauty salon, or an individual looking to achieve your body slimming goals, this body slimming machine is an excellent investment.
